Boyce Thompson Arboretum (BTA) was founded in 1924, and is Arizona’s oldest and largest botanical garden. BTA is located in scenic Queen Creek Canyon, just 50 minutes from Phoenix, Arizona in the foothills of the Superstition Mountains in Superior, AZ. Featuring plant collections from the world’s deserts, historic buildings and hidden gardens along miles of trails, it is on the National Register of Historic Places. A haven for wildlife, BTA has been named “the most enchanting” Audubon Important Bird Area in Arizona. The Arboretum encompasses 370 acres, with 105 acres of gardens and plantings, 20,000+ plants and 4,030 taxa, and currently has 35 full-time employees. BTA’s mission is to inspire appreciation and stewardship of desert plants, wildlife, and ecosystems through education, research and conservation. No longer a State Park or a University of Arizona department as of July 2019, BTA has reaffirmed and embraced its status as a botanical institution.
